Parameters

Quantitative unit

ks

- Testo 460 optically measures rpm, e.g. of ventilators and shafts
- The measurement spot is displayed on the measurement object with an LED marking

- Max. / min. values are displayed directly at the press of a button
- The backlit display allows the measurement values to be easily read out, even in unfavourable light conditions
- Very handy, small and easy to operate
- Including protective cap for safe storage, wrist strap, belt holder and calibration protocol
