- Designed for practicing CVC techniques
- Aimed at those in the emergency medical area - ACLS and ATLS participants will find this simulator to be ideal

- Anatomically accurate - palpation is exactly the same as on a patient
- Internal features include a replaceable muscle and bone section, subclavian, internal/external jugular and carotid
- External & internal landmarks correlate to a live patient
- The substernal notch 'sinks' 1-1.5cm when palpated
- Includes replaceable skin, tubing sealant, needles, 1 quart of simulated blood, instruction guide & hard storage case.
