

Information about product price on demand

Parameters

| | |
|--------------------------|-----|
| Pumping rate [l/min] | 5,5 |
| Threshold pressure [kPa] | 16 |
| Overpressure [kPa] | 250 |
| Quantitative unit | ks |

- For smaller pumping amount
- Small proportions
- Silent run
- Minimum requirements for maintenance
- Good chemical resistance
- KN type - neoprene diaphragm
- KT type - teflon layer diaphragm (to increase chemical resistance)
- Driving 230 V
- No oil included
