

Information about product price on demand

#### Parameters

Pumping rate [l/min]	11,5
Treshold pressure [kPa]	29
Overpressure [kPa]	200
Quantitative unit	ks

- For smaller pumping amount
- Small proportions
- Silent run
- Minimum requirements for maintenance
- Good chemical resistance
- KN type - neoprene diaphragm
- KT type - teflon layer diaphragm (to increase chemical resistance)
- Driving 230 V
- No oil included
