

S405 - Five Year Injection Training Arm

Order code: **4108.S405**

Cena bez DPH	484,00 Eur
Price with VAT	585,64 Eur

Parameters

Cannula, injection, puncturing - filter	Horní končetiny
Quantitative unit	ks

The Mike and Michelle injection arm and hand simulate that of a five year old, with lifelike venous structure. The dorsum of the hand has two veins for additional intravenous set-up. The flexor and lateral sides of the arm contain sites for subcutaneous injections. The deltoid contains an intramuscular injection site. Two interchangeable hands are supplied with the simulator.

- Intravenous injections, infusion, and blood collection
- Subcutaneous injections in both flexor and lateral sides of forearm
- Intramuscular injections in deltoid area
- Lifelike venous structure
- Dorsum of hand has two veins for additional intravenous set-up
