PP02121 - Sani-Baby CPR Manikin

Order code: **4107.PP02121**

Cena bez DPH

196,20 Eur

Price with VAT

237,40 Eur

Parameters

Construction

Newborn manikin

Quantitative unit

ks

The economical Sani CPR manikins feature easy installation of a single-use airway/face shield system. Visible anatomical landmarks include the sternum and the rib cage, plus substernal notch.

The manikins also simulate the realistic head tilt and chin lift necessary for opening the airway. A chest rise demonstrates a successful rescue breath. The student can change the airway/face shield system very quickly.

The use of the disposable, economical airway/face shield avoids cross-contamination and does not require cleaning, disinfecting, or disassembly! Carry bag not included. Latex free.
