Parameters

Types of bags and cases

Batohy

Mark is an extremely versatile product, made to suit the different requirements of all customers. Its structure allows it to suit all conditions and as well as its modern design that allows a rational use of the outside and inside space. It also has a rigid PVC structure that gives a unique advantage to its intrinsic strength and internal protection.

Made in Cordura, it is completed with high visibility reflective bands and a reinforced PVC bottom part with protective rubber. Mark can be used as a backpack or bag (the shoulder straps can be placed in a pocket with zip closure). Mark is divided in three sections:

- the front part has a small outer pocket with Star of Life and Spencer embroidery and another two zipper closed pockets for radio or cell phone
- the middle zone of the bag, a highly protected zone closed by a double zipper is dedicated to sterile products, catheters and surgical instruments

- a big compartment with five colour coded pouches M Series, fixed with Velcro®, allow a perfect division of all equipment for an easy localization during an emergency

The M Series colour ful pouches are available. The 10 G version is available.
