## Rowa Smart - Automated storage system

Order code: **7203.RowaSmart**

Information about product price on demand

Parameters

Quantitative unit

ks

## Rowa Smart system is simply smart, compact and affordable

The **Rowa Smart system is available in standardized sizes**. They were defined based on the needs of the market. With its dimensions, the Rowa Smart fits into almost any pharmacy. In short: It's smart and compact.

The **Rowa Smart** system is the youngest member of the Rowa product family, and its parentage is quite impressive. It builds on the concentrated experience gained in over 6,000 successful automation projects. As a result, the **Rowa Smart system is equipped with all the advantages of an automated stockhandling system** - including TÜV certification.

Thanks to standardization, we were able to achieve a particularly **good price/performance ratio for the Rowa Smart**. As a result, automation with Rowa Smart also pays off for pharmacies for which an automated storage and dispensing system was previously not financially worthwhile. It's an investment that pays off.

## Rowa Smart robot can be very effective while doing its work.

You don't believe? Contact us and let us persuade you about that. We'll be glad to tell you more information about this system and we'll show you that automation system for storing and dispensing **Rowa Smart can replace storing shelves even in your pharmacy and save you a space, time and funds**.

### Note:
