Give nursing and health occupations students an unforgettable lesson in patient care with the RealCare Geriatric Simulator. Designed for secondary and post-secondary education programs, the Geriatric Simulator allows users to experience a variety of age-related physical challenges. The included curriculum enables educators to facilitate discussions on aging, care for the elderly and the physical effects of aging on the body. Geriatric sensitivity is key for success in elder care careers. Use the RealCare Geriatric Simulator and curriculum to help nursing and CNA training program participants succeed in geriatric health care careers.

The Geriatric Simulator enables users to experience:

- Visual impairment
- Restricted range of motion
- Decreased mobility
- Stooped posture
- Loss of sensation in hands
- Joint stiffness
- Loss of strength
- Fatigue
- Change in body image
- Decreased sense of balance
- Confusion

We recommend this educational simulator for secondary and post-secondary programs related to:

- Health Occupations pathways
- CNA training
- Patient Care training
- Lifespan Development courses
- Family and Consumer Sciences pathways

Content:

- Weight Vest (adjustable, one-size-fits-most)
- 2 ankle weights
- 4 wrist weights
- 2 elbow restraints
- 2 knee restraints
- 2 gloves
- Cervical collar
- Set of 6 visual impairment glasses
- Walker
- Storage case
- 9-lesson Geriatric Experience curriculum
