- Detailed description

For measuring radioactive radiation using a Geiger-Müller counter tube (5210.559 01). The high voltage for the counter is generated and the counter-tube pulses are converted into suitable signals in the sensor box.

Technical Data:

- Counter tube voltage: 500 V above 1 M Ω
- Connection: coaxial socket
- Dimensions: 42 x 92 x 30 [mm]
- Weight: 130 [g]

For measuring radioactive radiation using a Geiger-Müller counter tube (559 01). The high voltage for the counter is generated and the counter-tube pulses are converted into suitable signals in the sensor box.
