## AD-1671 Anti-Vibration Table for Balances

Order code: **0109.AD1671**

Cena bez DPH	1.308,00 Eur
Price with VAT	1.582,68 Eur

Parameters

Quantitative unit ks

Microbalances are especially susceptible to minute vibrations, which often cannot be sensed by humans. Such vibrations can be caused by strong winds swaying the building, outside traffic, nearby machines in operation, opening/closing of doors, people passing by, and even very distant earthquakes.

To a large extent, problems arising from vibrations can be avoided by simply **using the AD-1671 anti-vibration table.**
