- Detailed description

• 7" touch display for controlling the entire system including the vacuum and the cooling temperature • For precise monitoring, the pictogram on the display also symbolizes active functions • Separate knobs for quick access: the right one for direct vacuum control, the left one for the rotation • Setting of values either via the touch display or the separate quick access knobs • Direct access to two favorites on the start screen • Expandable solvent library. You can also transfer your own favorites to other devices using a USB stick • Define and save own evaporation processes (ramps) • Automatically evaporate with the Dynamic AUTOaccurate Program (DAA). Convenient and customizable: from foam avoidance to highly efficient evaporation • USB and Micro SD plus LAN / RS 232 interfaces (Lab 4.0 ready) for easy installation of software updates and transfer of individual favorites from one device to another , Glass coated
