DW-HL398HC Ultra Low Freezer For Laboratory And Medical Twin-compressor Freezer

Order code: **2203.DWHL398**

Information about product price on demand

Parameters

Device type	Freezer
Description_	4 wheels
Volume brutto	398 l
The temperature range in the freezer	-40 až -86°C
Number of sockets	3 shelves (4 inner doors)
Defrosting	manual
Refrigerant	HC
Quantitative unit	ks

Twin-compressor, if one is damaged, the other one could keep the temperature at -70? stably. The digital temperature display can show various parameters simultaneously, such as temperature inside the cabinet, power voltage and environmental temperature, indicating operating status clearly. The high-precision microcomputer temperature control system. The well-developed alarm system has multiple alarm functions: high temperature/low temperature alarm, door ajar alarm, power failure alarm, sensor failure alarm, low battery alarm, alarm of poor heat dissipation of condenser, system failure alarm, etc. The keyboard lock function and password protection function can prevent any adjustment of operating parameters without permission. The rotating handle facilitates door opening. The adjustable layered structure is convenient for storage of various things.
