## Hei-PLATE Mix 20 I - Magnetic Stirrer

Order code: **2111.5065410000**

Information about product price on demand

Parameters

Device type

Magnetic stirrers

Types of stirrers	Magnetic
Description	5 °C - 31 °C at up to 80 % rel. humidity 32 °C - 40 °C at up to 50 % rel. humidity (decreasing linearly)
For volume (l)	20l
Heating	NO
Maximum speed	1400 rpm
Number of positions	1
Quantitative unit	ks

### **Stir up to 20 Liters Without Heating**

Leveraging our proven magnetic stirring hotplate series, we developed the Hei-PLATE Mix 20 L specifically for applications involving thermolabile substances, ensuring it operates without heating.

The Hei-PLATE Mix 20 L magnetic stirrer is perfect for applications requiring gentle stirring of solutions up to 20 liters. It offers a speed range of 100 - 1,400 rpm, and its gradual acceleration to the desired speed prevents splashing, erratic starts, and abrupt movements of the stirring rod.

The patented Kera-Disk® plate, made from aluminum with a ceramic coating, is both chemical-resistant and scratch-resistant. With a diameter of 145 mm, its compact size is ideal for use with numerous accessories and samples in a limited space.
