The Practi-Amp 2 mL Tint, for clinical training, contains 2mL of distilled water in an amber tinted glass to simulate light sensitive medications. Users are opportuned to learn how to accurately open, calculate, aspirate, and measure small and often hard to see solutions. The ampules are chemically scored for ease of use and to accurately simulate those found in hospitals and clinics. Perfect for manikins and other injection aids.

Practi-Amp 2mL Tint Optimizes Proficiency in:

- Fluid displacement from top to bottom
- Sterile technique during aspiration
- Ampule opening/breaking
- Dosage measurement

Make practice easy, consistent and accurate!

Snap, aspirate, calculate, and measure critical dosages using Wallcur 2mL distilled water glass ampules.

Qty: 100 ampules

Product Content: Distilled water

NOT FOR HUMAN OR ANIMAL USE. FOR TRAINING PURPOSES ONLY.
