The Practi-Amp 1mL Tint, for clinical training, contains 1mL of distilled water in an amber-tinted glass to simulate light-sensitive medications. Users are opportune to learn how to accurately open, calculate, aspirate, and measure small and often hard-to-see solutions. The ampules are chemically scored for ease of use and to accurately simulate those found in hospitals and clinics. Perfect for manikins and other injection aids.

Practi-Amp 1mL Tint Optimizes Proficiency in:

- Fluid displacement from top to bottom
- Sterile technique during aspiration
- Ampule opening/breaking
- Dosage measurement

Make practice easy, consistent and accurate!

Snap, aspirate, calculate, and measure critical dosages using Wallcur 1mL distilled water glass ampules.

Qty: 100 ampules

Product Content: Distilled water

NOT FOR HUMAN OR ANIMAL USE. FOR TRAINING PURPOSES ONLY.
