Practi-Amp 3mL for clinical training is intently crafted to include all standard components of an ampule, excluding a specific generic or brand name. This design facilitates repetitive learning with the ampule, allowing its use both without a name and with a name using the Peel-N-Stick label for varied educational scenarios. Each glass ampule meets US standards and is chemically scored at the neck for ease in breakage without injury!

The first and safest true glass ampule available for a variety of health occupational curricula, such as nursing, pharmacy tech, and EMS programs.

The Practi-3mL Amp Optimizes Users Proficiency in:

- Fluid displacement from top to bottom
- Sterile technique during aspiration
- Ampule opening/breaking
- Dosage measurement

Make practice easy, consistent and accurate!

Snap, aspirate, calculate, and measure critical dosages using Wallcur 3mL distilled water glass ampules.

Qty: 100 ampules

Product Content: Distilled water

NOT FOR HUMAN OR ANIMAL USE. FOR TRAINING PURPOSES ONLY.
