The Practi-Sufentanil 100mcg/2mL Amp simulates the narcotic sufentanil (Sufenta®) and is intently designed to aid in a complex learning experience requiring critical thinking when calculating, preparing, and administering Sufentanil dosages.

Manufactured for safety and consistency, each Practi-Ampule is chemically scored at the neck for ease in breakage without injury. Health occupational curricula, such as nursing, pharmacy tech, emergency tech, and surgical tech programs will find the Practi-Sufentanil Ampule the most authentic practice available.

Snap, aspirate, calculate, measure, and administer fractional dosages from an ampule safely and authentically.

Additional Benefits for Users Include:

- Fluid displacement from top to bottom
- Sterile technique during aspiration
- Ampule opening/breaking
- Dosage measurement

Qty: 100 ampules

Product Content: Distilled water

NOT FOR HUMAN OR ANIMAL USE. FOR TRAINING PURPOSES ONLY.
