Practi-Vial 20 mL, for clinical training is a simulated version of the large vials often used in nursing, EMS and pharmacy programs. The vial provides users the opportunity to learn the sterile techniques of large vial handling, air replacement, dosage aspiration and needle withdrawal. A variety of simulated drug scenarios can be demonstrated with this vial trainer.

The 20mL is filled with distilled water and therefore safe for use with Manikins.

Experience a tremendous increase in confidence and competency as you master the fundamentals of sterile vial handling and build muscle memory using only safe, distilled water in this high quality product

Qty: 30 vials

Product Content: Distilled water

NOT FOR HUMAN OR ANIMAL USE. FOR TRAINING PURPOSES ONLY.
